

Junior High Knowledge Bowl !!!

Knowledge Bowl is a sport for the mind. It provides a format for student growth centered on academics. It generates the kind of attention for bright students that is normally reserved for star athletes. For those who participate, it sends the message "It is cool to be smart." Middle School / Junior High Knowledge Bowl is an interdisciplinary academic contest designed for students in grades 7 - 9. During a meet, teams of five students each compete in written and oral rounds by answering questions related to all areas of learning. Questions are developed from over 15 curriculum areas, including math; national and world affairs; earth science; art and music; biology; geography; economics; U.S. and world history and world languages. Questions test students' recall, problem solving and critical thinking skills. Participation takes quick thinking and teamwork and like all team sports, students learn to work together to reach their goal.

- Open to all 7 - 9th graders; just show up!
- No tryouts/no cuts. Starts Wednesday, Nov. 1st
- Practices when you can make it:
Mondays and Wednesdays 3:15 - 4:15 (in Middle School Room 158)
- Meets when you can make it: see schedule on the reverse side of this flyer.
- Coach/moderator Mr. Wynia pwynia@cadets.com
