7:00 PM

STA Courtyard

Join a discussion led by Dr. Kim Harms and Dr. Jim Harms about the tragic loss of their son Eric.

Eric, a 2008 Saint Thomas Academy graduate was much loved and respected by the STA and Visitation community. Eric had a profound impact on everyone he encountered and was beloved by faculty and students alike. The fact Eric took his own life was a shock to his family, friends and entire community.

Join us for an evening of healing and reflection as the Harms share what they have learned about boys and depression on this very difficult journey.
