2004-05 ANNUAL REPORT Gratitude and Promise

I have always found Fall filled with both nostalgia and promise. The crisp air, a Friday night football game, and the beginning of the school year are all triggers for me that usher in memories of past years. But, more so, the start of a new school year is all about the promise it holds — the opportunities and challenges that will help define the 2005-06 school year. With a strong enrollment of very able young men, this promises to be a great school year.

This season is also a time for us to reflect upon our good fortune and the blessings God has given to this school. Not small among these blessings is your support. This Annual Report is a public statement of that support and a way for us to demonstrate our gratitude to all the alumni, parents, grandparents and friends who invest in Saint Thomas Academy.

Your support underscores our common belief in the mission of the Academy — developing well-educated young men, grounded in faith and values, prepared to be contributors and leaders in society. It also unites you with us in educating Saint Thomas students. We rely

on you for your prayers, good wishes and financial support. This school could not be as successful as it is without your help and it is a better place because of your interest and support. For example, because of you there are over 200 Academy students receiving financial assistance. Your investment makes a very real difference. On behalf of all Academy students I thank you for that investment. And, let me assure you these young men are worthy of it.

May the promises of this new school year be kind and generous to you and your families.

Thomas B. Mich, Ph.D.
Headmaster

Members of the Class of 2005 enjoyed graduation ceremonies at the Cathedral of St. Paul in June.

SAINT THOMAS ACADEMY

The mission of Saint Thomas Academy is to help young men build a solid foundation of responsible leadership within themselves, the Academy, the Catholic Church, and the community.

Three decades of dedication

— and more

George R. Schnell receives the 2005 *Opus Sancti Thomae* Medal.

*George R. Schnell taught generations of STA students during his 38-year teaching career, including the father, **Bob '87**, of **T. J. W. '06**, pictured here with the 2005 *Opus Sancti Thomae* Medal recipient.*

What started as a favor turned into a distinguished 38-year teaching career for George R. Schnell, a retired faculty member of Saint Thomas Academy, former member of the Board of Trustees and 1988-89 interim headmaster.

It all started in 1946, when George was a 25-year-old language major at St. Thomas College — his college career had been interrupted midway by the military draft during World War II and a three-year tour of service.

A top student at the college, George recalls his Spanish professor requesting a favor.

“He asked if I would take over his two Spanish classes at Saint Thomas (Military) Academy, which was then located on the same campus as the college,” George said. “I hadn’t had any connection with the Academy at all, and I really hadn’t thought of being a teacher at that point, but I decided to give it a try.”

The rest, as they say, is history.

George taught part-time at the Academy while finishing his degree and, for several years after graduation, handled teaching assignments at both the Academy and the college. By 1952, he had become a full-time Academy faculty member, teaching Spanish, Latin and French and throwing himself fully into the life of the school.

“I enjoyed being part of the Academy and was so impressed with the students and their parents who were so interested in their sons’ education,” he said.

George was part of a now-legendary group of ST(M)A faculty,

Three decades

—continued from previous page

2

many of whom, like Schnell, were World War II veterans — Walter Kurtz, Sylvester Turbes, James Keane, Leroy Brown, Jack Campbell, and Skip McMahon, to name a few.

“We had a tight-knit community. We didn’t earn a lot of money back then, but the perks of the job were great — so many wonderful people,” George said. “Occasionally, we’d get together at my house — we had a player piano — and sing for hours.”

While teaching, George continued his own education, going to school at night and summers to earn a master’s degree in Spanish and the equivalent of a doctorate. In 1962, he was named a Fulbright scholar and spent the summer in Colombia.

Throughout his career, he was active in professional associations for language teachers and helped found a state association for Spanish instructors. George was named Educator of the Year by the National Association of Independent Schools in 1979-80.

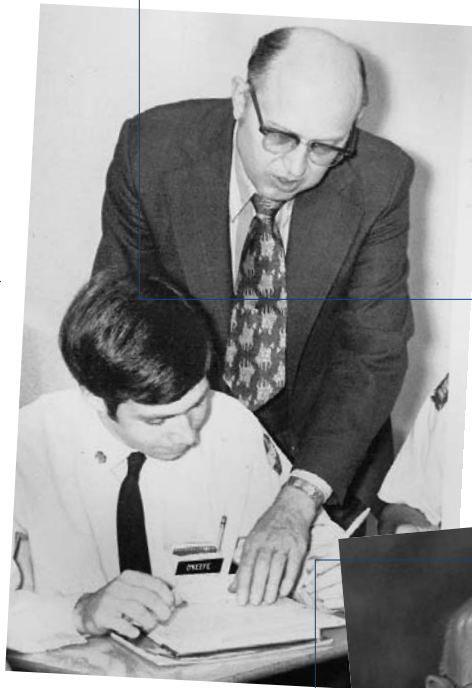

At the Academy, George was the first faculty representative to serve on the Board of Trustees. After retirement in 1984, he was called back into service as interim headmaster in 1988 while a search for a permanent headmaster was conducted. Over the years, he has participated in several headmaster search committees, accreditation committees, and the *Opus Sancti Thomae* committee.

“I am humbled to be in the company of these *Opus* medal winners, all of whom I’ve known as students, parents, or faculty,” George said. “It is truly an honor to receive this recognition.”

George and his wife Jeanne raised four children, including two STA graduates — **Thomas ‘68**, a physician living in Chicago, and **Steven ‘72**, a psychologist in St. Paul. Married for 56 years, the couple has 11 grandchildren.

The Schnells are active at St. Mark’s Catholic Church in St. Paul and busy with a range of volunteer commitments, from Meals-on-Wheels delivery to providing communion service for the Catholic residents at the Episcopal Church Home. George was a long-term member of the St. Mary’s Nursing Home board. Besides travel and family, they enjoy the several gatherings of retired faculty and former students each year.

“I’ve made so many friendships over the years,” he said. “I’ve just thoroughly enjoyed it all.”

George Schnell, pictured here in the 1970s, taught Spanish, French, and Latin at the Academy. He came out of retirement to serve as interim headmaster in 1988-89.

As a young schoolteacher, George married Jeanne Adams in 1949. The couple raised four children in their Laurel Avenue house in St. Paul — daughters Kathy and Peggy and sons Steven ‘72 and Thomas ‘68. Today, George and Jeanne lead a busy life filled with volunteering, gardening, traveling and caring for their eleven grandchildren.

Retired STA faculty members James Keane (left) and Sylvester Turbes (right) congratulate their former colleague on receiving the Opus award.

Reflections about George Schnell

“George, James Keane, and I had a pattern of visitations with Father Tom Kolar while he was at the Catholic Elder Care in Minneapolis. George made additional visits to take Father to attend a Parkinson support group. Were Father alive today, I believe his comment for George receiving the *Opus Sancti Thomae* Award would be ‘about time!’” Sylvester Turbes, retired faculty member

“When I first came to Saint Thomas Academy in 1968, I met a group of remarkable teachers, most of whom had been on the faculty since the 1940s. Those men became my mentors and role models. George Schnell was one of those men. George was a tremendous source of wisdom and common sense for a young, inexperienced teacher. I cherish his friendship and value his advice.” Bill Culbertson, Coordinator of College Counseling

“George is always dependable and always ready to assist in any task. He takes great pride in his work and in his association with the Academy. He has been a role model for both cadets and faculty alike.” Walter Kurtz, retired faculty member

“When I came to STA to interview for a Spanish teaching position some 16 years ago, George Schnell was the interim headmaster, and so he conducted the interview. He was so passionate about Saint Thomas Academy that he made me think, ‘I really want to be a part of all of this.’” Wendy Fox, Spanish teacher

“Warm, humorous, thoughtful, analytical, curious. Uniquely talented as Fulbright scholar, teacher, and administrator. Compassionate and selfless in practicing the corporal work of mercy. Devoted husband, father and grandfather. I am proud to call him friend.” James Keane, retired faculty

The *Opus Sancti Thomae* Medal was established in 1992 to honor friends and affiliates of Saint Thomas Academy. This award recognizes both men and women who have made outstanding contributions to business, civic, church, educational and professional communities. We honor their respective characters and achievements with this medal, designed by the Reverend Thomas Kolar, deceased faculty member. Its centerpiece is an encircled Jerusalem cross. Embedded sapphires grace each bar of the cross and representations of the two Academy logos denote its place of origin.

Previous Recipients of the *Opus Sancti Thomae* Medal:

- 1992 – Frank C. Mullaney '39
- 1993 – Clara Glenn
- 1994 – Most Reverend John R. Roach, D.D.
- 1995 – Gerald and Henrietta Rauenhorst
- 1996 – J. Peter '51 and Mary Ritten
- 1997 – Alan K. (Bud) Ruvelson '32
- 1998 – Sylvester G. Turbes
- 1999 – Lawrence M. O'Shaughnessy '39
- 2000 – Reverend Thomas F. Kolar
- 2001 – Walter G. Kurtz
- 2002 – Reverend Michael J. O'Connell '59
- 2003 – Gerald '48 and Murna Donovan
- 2004 – Michael W. Wright '56

Alumni Profile: Kevin Long '93

His entrepreneurial zeal is empowering Deaf people around the world

When Kevin Long '93 graduated from STA, he thought he'd make a million dollars by the time he was 30 years old.

Long has hit the three-decade mark, but his passion is no longer about making money. Instead, Long has used his entrepreneurial spirit to create a worldwide nonprofit organization that provides Deaf people in developing countries with the chance for an education and a better life.

Long started his first business venture while still at STA, influenced by science teacher Mark Westlake. "Mr. Westlake had made a jester-type hat out of polar fleece. I got the idea for making and selling these hats, which launched me into my own business," Long recalled.

After graduation, Long sold the hats to schools for fundraisers, making enough to pay for community college, including sign language courses.

"Sign language became a passion for me," he said. "It was the first time I found learning really fun. I'm dyslexic and always struggled in school, but this was different."

As he became fluent in sign language, Long began getting to know Deaf people and developing a deep appreciation of Deaf culture. That led to a trip that changed his life.

"In my early 20s, I met someone who had taught at a Deaf school in Kenya. I thought it would be a great adventure, so

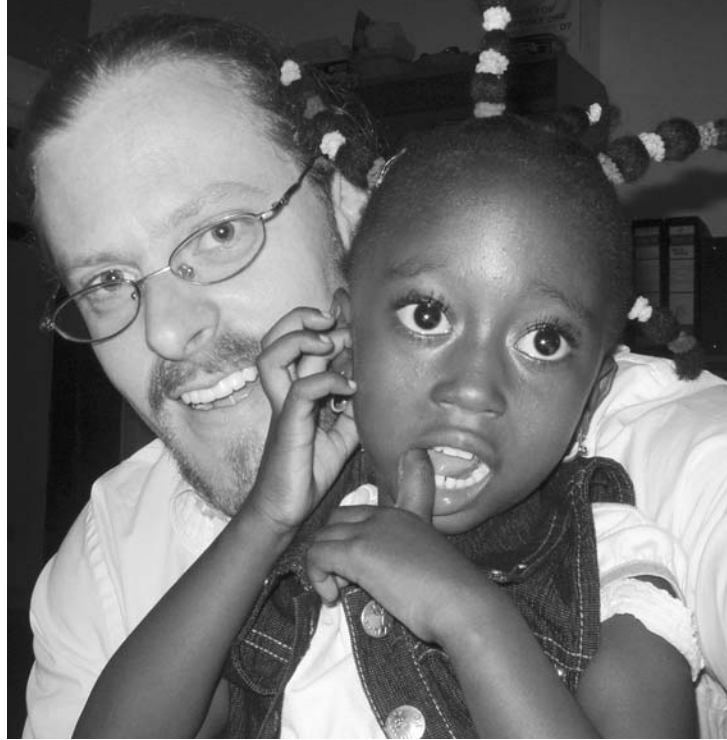

I applied and was accepted," he said. "I had no idea what I was getting into."

What Long experienced in Kenya was a school full of Deaf children being taught by a hearing teacher who knew no sign language. "Imagine going through first grade with the volume off," he says. "That's what it is like for Deaf children in developing countries. They are unaware they can be successful in school."

Long returned to Minnesota committed to changing that situation. He founded Global Deaf Connection (GDC) in 1996, with the goal of improving the education and leadership skills of Deaf students in Kenya.

He worked day jobs and earned a degree in international nonprofit management from Metropolitan State University, all the while nurturing the young organization — establishing a board of directors, creating a corporate structure and raising money to fund training for Deaf Kenyans to become teachers fluent in sign language.

Since those early days, GDC has helped train and place 14 Deaf teachers in Kenya, with 11 more currently in teachers' colleges. Recognizing that the same situation exists in most other developing

In 1996, when Kevin Long '93 (pictured above with a Deaf child) founded Global Deaf Connection, Kenya had one Deaf teacher. Today it has 14, thanks to Kevin's efforts. By 2008 all 41 Deaf schools in Kenya will have a Deaf teacher.

countries, GDC has expanded its efforts to the Congo and Jamaica.

Crediting STA for cultivating his strong work ethic, Long says he's grateful for the support he's received from STA alums and invites the STA community to learn more about Global Deaf Connection at www.deafconnection.org. "I'm inspired by the fact that this massive international problem has an achievable solution — putting Deaf teachers into Deaf classrooms. In Kenya, it costs only \$2,500 to put a Deaf student through teachers' college, including room and board," said Long, who was recognized for his efforts in 2004 with a Paul G. Hearne/American Association of People with Disabilities Leadership Award. "I believe in my lifetime it will be possible to have a Deaf teacher in every Deaf classroom around the world."

For more information about Global Deaf Connection, visit the web site at www.deafconnection.org.

Goings On at STA

New members join STA Board of Trustees

Please welcome the following new members to the Board of Trustees, STA's governing body.

- **Richard Anderson '80** – Rick is a partner at Fish & Richardson, P.C. P.A. He and wife Beth live in Minneapolis.
- **Dr. Marilou Eldred** – Marilou is the president of Catholic Community Foundation. She and husband Don live in St. Paul.
- **Michael Ciresi '64** – Mike is a partner and chairman of the Executive Board at Robins, Miller, Kaplan and Ciresi. He and wife Ann live in Mendota Heights. Their son **Adam** graduated from the Academy in 1995.
- **Vincent Flynn '84** – Vince is a best-selling author whose novels have all been on the *New York Times* bestseller list. He and wife Lysa live in Minneapolis.
- **Timothy Marrinan '63** – Tim is an attorney and executive vice president at Wells Fargo. He and wife Patti live in Edina. Their son **Tim** graduated from the Academy in 2005 and **Conor** is a member of the Class of 2007.
- **V. Philip Reim '83** – Phil is chief executive officer of Alliance Banks. He and wife Rachel live in North Oaks.

In May 2005, the Class of 1955 gathered to celebrate their 50th reunion. As an expression of gratitude for the lessons learned from their esteemed professors, for financial aid received, special moments, and friendships made and maintained through the years, they created a Class of '55 Reunion Gift. On behalf of the entire

class, seven members presented a check for \$223,595 to Dr. Mich (far right) at Formation in September. Pictured above at the presentation are class members (left to right) Mike Dorle, George Sayer, Tom Maher, Bob Elliot, Tom Pauly, Dick Carthaus, and Terry Flynn.

Faculty and staff update

Please welcome the following faculty and staff:

- Nancy Albrecht** – Science
- Thomas O'Brien** – Advancement Office
- Jeff Smith '97** – Mathematics
- Ruth Wikoff-Jones** – Auction and Special Events Coordinator
- Peter Wynia** – Science

Please note the following personnel changes:

- Mike Sjoberg** – Dean of Students (previously in the Health/Physical Education department)
- Norbert Winter '97** – Annual Giving (previously with the Alumni Association)
- Rich Allen '60** – Alumni Association (previously Major Gifts staff)
- Greg Vannelli '72** – Health/Physical Education (previously with Annual Giving)

“Bewitching” event for mothers of alumni

Mothers of former cadets are invited to a special Fall gathering on Wednesday, October 26, 7:00 to 9:30 p.m., at the home of Donna McCarthy in Mendota Heights. The event is hosted by mothers of alumni, and the purpose is purely social, providing time to get together, enjoy each other's company, and catch up on busy lives over a glass of cider and dessert. For more details, visit cadets.com (Development heading) or call Trish Rowley at 651-683-1592. To reserve a spot, please send a check for \$10 made out to Sandy Mendes to 745 Knollwood Court, Mendota Heights, MN 55118.

Members of the Class of 2009 gathered for the freshman retreat in August at Camp St. Croix.

IN AND OUT OF THE CLASSROOM

Congratulations to the **Experimental Vehicle Team (EVT)** (pictured above), which claimed another national title when they won the Dell-Winston Solar Car Challenge in July. The eight-day, 1,600-mile race started in Round Rock, Texas, and ended in Pasadena, California. The 14-member team won first place overall, first place in the Classic Division, and the Terion Award for displaying the highest level of engineering excellence in the race.

The STA car was also the first entry from the Classic Division to win the Challenge, the first in either division to complete all the racing miles in the Challenge, and the first to complete over 130 miles in one day.

participated in activities and small-group discussions designed to help the students get to know each other and learn more about their new school. Senior PEER counselors and Campus Ministers, assisted by faculty and staff members, helped the freshmen meet new friends, set goals for high school, and learn more about what it means to be a cadet. The Classes of 2009 and 2006 agree that it was a positive experience for all involved.

Another way to help the freshmen in their transition into high school is the **Mentorship Program**. The Leadership program, led by C/ILT **Tony D. '06**, assigns one senior student to each freshman and/or student new to STA to assist that student throughout the school year as needed.

In August, 140 eager ninth-graders traveled to Camp St. Croix in Wisconsin for a two-day **Freshman Retreat**. They

The **Debate Team** is preparing for the new season with the help of some outstanding returning debaters. Captain **Nick P. '06** attended the National Forensic League Tournament this summer with **Fabrizio M. '05** and partnered with **Liles R. '06** at the National Catholic Forensic League Tournament. Coach Doug Hoverson returned from his sabbatical, and the program welcomes back **Mark A. '96** as an assistant coach. With eight debaters returning from last year, the team is expected to be one of the top programs in the state. Congratulations to teacher Joel Koch for the great work he did with the team last year as a first-year coach. He will continue to work with the program this year.

Bravo to the Class of 2005! Their average **SAT scores** were an impressive 586 in verbal and 619 in math; 62% of the class took the SAT, compared with the Minnesota average of 10%. This fall, all members of the class continued their education at a post-secondary school.

Top, cadets got a ride in a Blackhawk helicopter as part of their Camp Ripley visit. Above, cadets tried on historic military uniforms at the camp's museum.

Cadets visited **Camp Ripley** in Little Falls, MN, twice in the past few months. In August, most members of the Class of 2006 journeyed north to spend the day at the camp, which included a tour of the Military History Museum and a lunch of MRE (Meals Ready to Eat). The highlight of the day was a ride in a Blackhawk helicopter for an aerial tour of the camp.

In September, a select group of cadets traveled back to Camp Ripley for the Fall Field Training Exercise. Joining fellow JROTC members from Cretin-Derham Hall, Humboldt, and General Vessey Academy, the students participated in a number of different exercises, including rappelling, land navigation, and the confidence course.

Meet the Faculty: ANN GIRRES

Started at STA: 1978

Subjects: Library/Media Center, Yearbook Moderator. Ann has also taught 9th Grade English and coached Quiz Bowl and Speech.

First Teaching Job: English teacher at John Adams Junior High in Rochester, MN

Hobbies: Reading, gardening, and “dog things”

Fact of Interest: “I’ve been the librarian at STA longer than any of my predecessors — including the famous Clara Glenn.”

A Teaching Moment: “Whenever a student tells me that a book or electronic source really helped him or whenever a student tells me that he really liked a book I helped him find.”

Brush with Fame: “I almost made it to Woodstock, but I got stuck in traffic!”

Why I Teach at STA: “I love the community — both students and adults. I support the school’s philosophy of educating the whole person.”

Favorite Music: Folk and classical

Favorite Vacation Spot: England/Scotland/Wales

Family: Husband Fred, daughter Allison, and a basset hound.

HONORING OUR DONORS

The 2004-05 Annual Report honors and recognizes the hundreds of individuals who provide financial support to Saint Thomas Academy. We are grateful to each and every one of you for your expressions of support and confidence in the Academy and its tradition of educational excellence.

Lists of donors for the past year begin on page 11. While compiling these lists, we made every effort to avoid errors. If your name was listed incorrectly or inadvertently omitted, please call the Development Office at 651-683-1591.

Randall Hallett

A Continued Commitment to Success

By Randall Hallett
Director of Institutional Advancement

I remember when I was a little boy in third grade and we moved to a new house. I changed schools, left my friends, and had to, in the world of a nine year old, start completely over. I remember that I thought my life was over and I would never recover.

When my wife Mary Lynn and I accepted this opportunity to move to the Twin Cities in June, and I agreed to serve as STA's Director of Institutional Advancement, I remembered my move of nearly 25 years ago. Neither of us had ever been to this beautiful area and we really knew no one. Some might say that, for me, history was going to repeat itself.

My experience from June to now, however, could not be more different from my grade school days. I have found many people who have opened their arms to us and allowed us into their lives. From the faculty and staff to parents and alumni, Mary Lynn and I have discovered a new home that we embrace with enthusiasm.

I have also found a community that believes strongly in the mission and vision of Saint Thomas Academy. The principles of faith and strong leadership are as

evident today as 120 years ago when the Academy was founded. In fact, today's students embrace the idea of discipline and authority, both from their peers and the faculty.

In a short time, I have tried to meet as many individuals as possible. Many, many of these people, from parents to alumni, have expressed a similar story — that for themselves or their sons, outside of parental guidance, the most significant

“We strive to be a forerunner in education, to serve as mentors, leaders, instructors, and a guiding force in young men’s lives.”

influence on their lives has been Saint Thomas Academy. I cannot imagine a greater tribute to a terrific school. Throughout the following pages, you will see lists and lists of people who have given generously to Saint Thomas Academy, for which the Academy is incredibly grateful. But beyond the money that has been given, the Academy is even more grateful for your belief in the faculty, administration and staff. We strive to be a forerunner in education, to serve as mentors, leaders, instructors, and a guiding force in young men's lives.

influence on their lives has been Saint Thomas Academy. I cannot imagine a greater tribute to a terrific school.

Throughout the following pages, you will see lists and lists of people

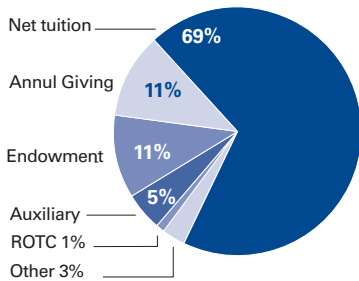

Looking forward to 2005-2006, the Advancement Department will have several charges. A few include...

1. Improved segmented communication with parents, alumni and the community at large, to share the great work that takes place in the classroom between our students and our dedicated faculty;
2. Face-to-face discussions with our constituents to report on how we use their donations and to discuss the importance of giving;
3. New partnerships with those in the community who support strong Catholic/military education based in faith and leadership.

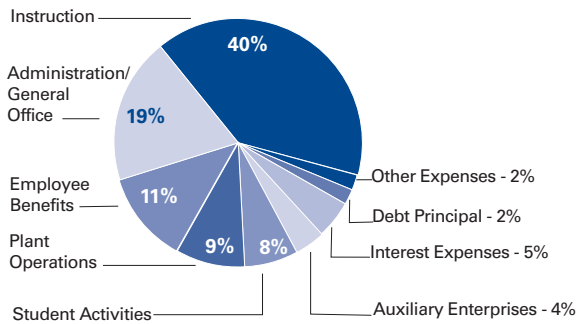

We take up these charges with enthusiasm and a continued commitment to a sustained pattern of success that has embodied Saint Thomas Academy for over a century. And for me personally, please know that it is an honor and a privilege to represent Saint Thomas Academy as the Director of Institutional Advancement.

The Heritage Society

The Heritage Society recognizes those donors who have remembered the Academy by means of a bequest or life insurance. These gifts could be a planned gift for the future, or a bequest or insurance disposition already received.

Saint Thomas Academy continues to remain strong because of the philanthropy and commitment of its valued supporters. THANK YOU to all listed below:

Those who make a difference

By Reverend Michael J. O'Connell '59
*Rector, Basilica of Saint Mary, and Pastor,
Church of the Ascension, Minneapolis*

Sputnik, the first successful satellite launch by the Russians, happened in 1957, my junior year at Saint Thomas Military Academy. I have a vivid memory of it because I think my vocation to the Catholic priesthood took root that fall.

I was standing in my parents' bedroom with my uniform on. My father was putting on his tie and he said to me, "The Russians have beat us into space. The future is for those who know science and math, so work hard on those subjects."

Both Prof. Olson (chemistry) and Prof. Westline (math) had long since given up on my future in their departments, so I concluded that I was not going to have an important role to play in the making of the New World.

What was amazing was that given my lack of promise in math and science, and my failed career in athletics when I stopped growing in sophomore year, I still found a role for myself in student council and other student activities. My hockey coach, Prof. Robert Byrne, encouraged and pushed me into student activities because he saw that I had organizational leadership abilities.

It was Prof. Byrne who gave me the results of my Strong Interest Vocational Test. He said, "Your score indicates a career interest in mortuary science." Even though mortuary science is a good profession, I couldn't make the connection. Here I was, the beginning of my senior year, and I didn't know what I wanted to do.

Later, Prof. Byrne said, "I think you would make a good priest." I must admit I hadn't given it much serious thought. When he said that, it was as if he had injected me with some kind of spiritual virus. I couldn't dodge it for the rest of my senior year. I couldn't because I had known really good priests while growing up, so when a man who was good, faith-filled, and who cared about me expressed his thought, I had to listen. I spent the rest of my senior year going to parties and prom, and talking to Headmaster Father Roach about entering the seminary.

I'm sure parents are still telling their children that the future is mostly for those who know their math and science. Indeed, the world and our country need that, but what the world needs more are adults who are genuinely dedicated to the care, nurturance, and guidance of our youth. Parents and teachers hold the two most important jobs in the world and determine the world's future more than any other profession.

Father Roach, later Archbishop Roach, Prof. Byrne, and all the other incredibly dedicated faculty of the Academy knew then and still know how to focus on each student's strengths and help him build confidence in himself at a time when he is most formative and impressionable. I will always feel fortunate and grateful for the four years I spent at Saint Thomas Academy. *Deo Gratias*.

Editor's note: Father O'Connell received the 2005 Hames Alumni Honors Award and the 2002 *Opus Sancti Thomae* Medal.
