

Use the handouts provided and the LET text to assist you in completing the following essay questions:

1. Describe where you are currently assigned (position) **and** what your current duties are. Do you have subordinate personnel assigned? To whom do you report? (next in line in the chain-of-command)
2. How does your performance in that position impact the larger organization? Think about Cadet Challenge, Comp I, and Comp II, Inspection, Duty Company, Grandparents Day, etc. What authority and duties are delegated to you? By whom? Why?
3. Review the organization chart for the STA Corps of Cadets and STA MD regulation 10-1. Part 1 - Chose one position from the Saint Thomas Academy Organization chart and discuss it in your own words. Part 2 - Select the specific position you desire within the Corps of Cadets. Explain how you are best suited to fill this position (skill match), and describe your vision for success in it. How will you work with others? Describe your impact on the organization.
4. In your own words, discuss Command Authority and Responsibility. Provide a detailed example of Delegation of Authority. Why is delegation of authority important?

Your assignment must be typed (DS), font NTE 12, margins NTE 1" and include the required heading. There is not a minimum length requirement; however, you must answer each question completely. You must either type the question and then your answer or re-phrase the question in your answer.
