

10TH GRADE WORLD HISTORY- 2008-2009 SCHOOL YEAR

Mr. Ziebarth, Room 102

Welcome to World History. This is a full year, one credit, survey course. During the year we will explore the history of our world starting with Pre-History and ending with the Cold War era and current events (hopefully).

The Goals and Objectives of this course are the following:

1. To increase your knowledge and understanding of the events and connecting themes of history and in particular the history of the world.
2. To increase your knowledge and understanding of the five major themes of Geography and to be able to link those themes to the various events and periods of World History.
3. To increase your knowledge and understanding of how economic, politic, and social matters affect history and the events of history.
4. To weave the aspects of our Catholic Identity and the Leadership program into the expectations of you as students and young men in the everyday environment of this class. Daily prayer, leadership opportunities, expectations of moral and ethical behavior, treatment of each other and the teacher are all examples of how this will be integrated into this class.
5. To have you learn skills, knowledge, and attitudes as learners and students, which will enable you to be successful in college. You are expected as a student at a college prep high school to do your assignments, keep up on your reading and to take all your responsibilities as a student seriously.

GRADING:

Grades are based on a number of activities; major chapter tests, reading quizzes, Individual and group in- class presentations, daily and weekly homework assignments, geography assignments, and 1 major project each semester. The grade is determined on a point scale. Each activity will be given a specific number of points. At the end of the quarter all the possible points are added up and the grade is based on the number of points the student has earned out of the total possible. Listed below is the percentage scale used to determine grades for the quarter, semester and on major tests and assignments. Small assignments and homework are given point totals but not letter grades.

A= 93%-100%

A- = 90%- 92%

B+ = 87%-89%

B = 83%- 86%

B- = 80%- 82%

C+ = 77%-79%

C = 73%-76%

C- = 70%- 72%

D+ = 67%-69%

D = 63%- 66%

D- = 60%- 62%

The semester grade is not a sum of the total points from the first two quarters.

The two quarters are given a weight of 40% and the semester exam has a weight of 20%.

CHEATING:

Cheating will not be tolerated in this classroom. Cheating consists of looking on other students tests, helping others with tests or assignments for which the expectation is for you to do your own work, use of cheat sheets, talking during tests with other students, giving test questions to other students in or out of your hour and other examples not listed.

First offense is punished by 0 points on the test and notification of your parents and the Dean of students, Second offense is a failure of the quarter and conference with parents and Dean and Third Offense or cheating on semester exam is failure of semester and removal from class.
