

The Half Windsor

1. Take A, which is longer and wider than B, and cross it over B.

2. Bring A around and behind B.

3. Then bring A up.

4. And put A back through the loop.

5. Now bring A back over B.

6. And once more bring A up through the loop.

7. Bring A down through the outer loop in front.

8. Tighten the knot using both hands.
