

FROM THE HORAN FAMILY

Our family wishes our father could be here tonight to experience this great moment. John loved his time at Saint Thomas Academy and the people he played with on the athletic teams. He was very proud of their accomplishments!!

One of John's key strengths was that he loved to compete and to win. Above all else he was a competitor. He loved to talk about the people he played with, and against, and he spoke fondly of the team experiences and had many stories of great games.

We truly believe that his time at Saint Thomas Academy helped define who he was, and instill the integrity and determination he exemplified as he lived his life. So on behalf of John and his family, we humbly thank you for this award and for his time at Saint Thomas Academy.
